

Terroirs of the Barossa 'Greenock' Shiraz 2017

Heritage

Château Tanunda was established in 1890 and is the site of some of the first vines planted in the Barossa in the 1840s as well as the Valley's first winery. The Château is an Australian heritage icon whose grand buildings, magnificent gardens and prime vineyards are owned by the Geber family. In the Barossa, the family continue their own tradition of fine winemaking which spans over three centuries.

Vineyard

The Terroirs of the Barossa looks to highlight the unique wine flavor characteristics within the individual sub-regions, or 'Parishes' in the Barossa. These differences stem from the relationships between man and place, with soils, climate zones, viticulture, aspects and water access, all playing important roles in the flavor of the grapes of these sites.

Greenock, the most westerly zone of the Barossa and also known as the Western Slopes, gives rise to some of the richest expressions of Shiraz from the Barossa.

Soil: Heavy brown earth, red clay and crackled ironstone

Altitude: 290m

Winemaking

To ensure the unique character of this sub region is exemplified in the wine, small open fermenters and our basket press were employed to gently extract the wine.

Aging in the finest quality oak and selection of the truest barrels for 18 months has created a wine that respects and expresses its place of origin.

Tasting Notes

Rich plum, red cherry, liquorice, focused and linear. Dark chocolate notes with a long persistent finish.

Glass-staining depth of colour. Lovely, ripe, fruitcakey nose of dark fruits, spice and mocha. Those aromatic threads flow through the mouth, and despite its obvious power and concentration, it shows refinement. Chocolatey, rich and lush, it's a true tour de force. 23 MAY 2019 Ralph Kyte Powell Recommended Drinking: 2019–2044

Wonderfully fruited and generously expressed, the bouquet shows dark fruit intensity with seductive notes of olive, warm spice, game and roasted nuts. The palate delivers opulence as well as supple mouthfeel, beautifully supported by fine-grained tannins. Multi-layered and immensely appealing. At its best: now to 2030.

From the western ridge, the vineyard with rich red and brown clay soils. Interesting texture, more light and shade. Plum fruit. The least apparent alcohol heat. Drink by 2032
