ICON OF THE BAROSSA

OUR SPACE

Welcome to Château Tanunda, a magnificent resurrection of an industrial site that has become more than it was. John Geber's vision and passion for this property has created a multitude of spaces that offer dynamic entertaining opportunities.

Spaces for intimate experiences of education on wine, walking tours, offering an historic perspective on the Château and its significance to the Barossa's international success, as well as expansive indoor space for tastings, presentations or expos in a casual or formal setting.

OUR CAPACITY

The Ballroom, seats comfortably 350 people, while the Long Room offers up to 80 guests a single long table experience. Both spaces are perfect for cocktail entertaining - combined, these two rooms work in harmony – the Long Room serving as a space for pre-dinner cocktails, display, and expo space with the Ballroom being the formal dining area.

Our outdoor Sunken Garden offers a stunning Château backdrop for guests to enjoy outdoor connecting activities or relaxed networking. The deck for pre-dinner drinks or cocktail parties with the stunning Barossa Ranges presenting as the backdrop.

Our purpose-built Cricket Oval, with the rolling Barossa ranges to the east and the magnificent Château to the North is the ideal private entertaining venue for up to 2000+ guests. This space can be set up with marquees and picket fences to present a spectacular more casual but equally interactive space. For large groups we suggest a carnival style of function, with performers, food, wine, and music.

OUR FLEXIBILITY

The Château is very versatile, our space very dynamic and we are open to present bespoke packages and experiences for your guests, ranging from personalised experiences of 2-12 people to large group corporate incentives of 20–2000 people.

Every event is a new event with new ideas, needs and wants. On the following pages are details of our large group Wine Experiences and details of our amazing spaces and wine-oriented experiences.

I look forward to working with you in the future and hope that what we have shown you creates a stirring of possibilities to create amazing experiences for your guests.

A site visit cannot be underestimated as the physical size and beauty of this property cannot be captured in photos alone. Please feel free to reach out via the phone if you'd like to discuss a specific concept for your guests.
